

Skilled Nursing & Rehabilitation Facilities Preferred Provider List

SILVER CROSS
HOSPITAL

The way you *should* be treated.

We are committed to providing you the best possible care during and after your hospital stay.

For those who require additional skilled care after their hospital stay, Silver Cross Hospital has partnered with local skilled nursing facilities (SNF) to provide you with high-quality care and services.

We work hand in hand to coordinate your medical care and ensure that your care plan continues in the SNF.

If your insurance coverage requires you to use a specific SNF, your Social Worker and/or Care Manager will talk to you about the sites that are covered.
